4 **Cool Mt. Washington live/work studio for rent**

Friends:

I'm looking for just the right person for my really gorgeous Mt. Washington garage apartment/studio, nestled in a large, private, tree-filled garden. 400 sqf living space above with tons of views/light, kitchen nook, ac/washer-dryer. Below is a 400 sqf garage/studio area. The price is \$1200 and includes water, heat, and and highspeed internet. You pay electric.

A small pet is fine, if he/she doesn't mind the occasional intrusion of my cocker spaniel! An added bonus is it's a 10 minute walk to the Gold-line, so you can even make-do without a car, in the center of Los Angeles!

Add

to that lots of hiking trails and the ambiance of Mt. Washington, and it's a steal.

A six month lease, then month-to-month, references and employment req'd. The apartment will be ready for move-in May 15, though can be viewed sooner.

ERNC News for April 6, 2014
[View this email in your browser](#)

Hello Neighbor!
It's Springtime in Eagle Rock

If you're not going to Ciclavia on Wilshire today, why not spend part of your sunny Sunday at the Eagle Rockdale Community Garden, one of Eagle Rock's hidden gems. Today is the garden's annual plant and seedling sale, where you can pick up rare and heirloom varieties, lovingly raised by the dedicated community gardeners who are your neighbors. Look for the ERNC tent where you can meet your green-thumbed ERNC reps and hear about all exciting new tree-planting initiative we've been working so hard on. It all starts at 10:00 AM. See the flyer below for details.

If you're a business owner, or anyone interested in building a bike network to Eagle Rock's booming small-business community, then we really would love to see you this Wednesday, April 9, at 6pm at Occidental College for a meeting about the new Bike Friendly Business District in Northeast LA. Eagle Rockers like you helped create this program, by coming out and supporting our new bike lanes, and by participating in last October's Ride Colorado event. So if you want to see more bike parking, better bike access, discounts for bike riders, and more foot & wheel traffic to your store or restaurant, come out to this meeting and help build a better, more prosperous Eagle Rock. Details below.

ERNC Elections are coming up on April 26. The list of candidates is available on our page at the Department of Neighborhood Empowerment. We'll send more info on our April 22 Candidate Forum later in the week.

The Eagle Rock Neighborhood Council (ERNC) is an official organization of the City of Los Angeles, staffed by 19 elected, unpaid volunteers. Our Board is composed of Eagle Rock stakeholders from all walks of life, who share a desire to make our home town a safer, greener, and more prosperous place to live.

Our job is neighborhood empowerment: We act as your advocates and liaisons to the City Council, the Mayor, and all City of L.A. departments that touch the lives of Eagle Rockers. Join us at one of our meetings, or talk to us at a community event, and find out how we can make Eagle Rock even better, together.

Councilmember Huizar Announces Figueroa St Resurfacing Project

Saturday, April 5th - Sunday, April 6th
Figueroa St. between Buena Vista Ter. and York Blvd.

Figueroa Street between Buena Vista Terrace and York Boulevard will be resurfaced this weekend! The Bureau of Street Services (BSS) will begin the project on Saturday, April 5th and, barring weather delays, complete the project by Sunday, April 6th. On Saturday, the old asphalt will be removed. On Sunday, new asphalt will be laid.

Over this weekend, residents can expect the following impacts:

Fewer lanes during the first two days while BSS profiles the street
BLOCK BY BLOCK FULL STREET CLOSURES WHILE RESURFACING IS TAKING PLACE ON
SUNDAY, 4/6
No parking during posted hours
Detours
Some noise during working hours
Once resurfaced, the Department of Transportation will also re-stripe the crosswalks in the high-visibility continental crosswalk style.

Thank you for your understanding and patience during this project. Persons with mobility impediments and their caregivers can request assistance if the scheduled street work limits their use (including ingress or egress) of the public right of way. If you have questions or need to request an accommodation, contact the supervisor on the project site or call (213) 485-5561. TTD users, please use 711.

Councilmember Huizar Leads Effort to Increase Recycling

Councilmember Huizar introduced 2010 motion and led policy decision as former chair of Energy & Environment Committee

The Los Angeles City Council voted 12-1 Tuesday in favor of a plan to overhaul City trash collection in commercial buildings, apartments and condominiums in order to expand recycling in the City of Los Angeles and reduce pollution.

Councilmembers José Huizar and Paul Koretz introduced a motion in 2010 calling on the City of Los Angeles to expand the City's recycling collection to all customers and expand on the City's premium curbside recycling program for single-family homes.

As the former Chair of the Energy & Environment Committee (E & E), Councilmember Huizar led the policy decision making on the exclusive waste hauling franchise policy. The policy is supported by Don't Waste L.A., a group of more than 35 organizations led by the non-profit Los Angeles Alliance for a New Economy (LAANE) – other Don't Waste L.A. members include the Sierra Club and the Natural Resources Defense Council.

"After three years of intensive analysis and public input, Zero Waste LA will bring us cleaner trash trucks, more recycling, cost controls and superior customer service," said Councilmember José Huizar. "Franchise systems are widely used in other cities, and I am proud to have worked with my colleagues and our partners to tailor this program to fit Los Angeles. It's a winning formula for customers, the environment and the City of Los Angeles."

Once fully in place in early 2017, areas of the City will be exclusively served by haulers selected through a competitive bidding process in 11 zones. In return, haulers will have to meet high standards for clean trucks, efficient service, and greater recycling, which are largely absent in the commercial and multi-family sectors today.

The City of Los Angeles recycling services for single family homes is considered the premium curbside recycling program for any big city in the nation. Tuesday's vote means that recycling in commercial buildings, apartments and condos can now be more in line with the City run curbside service.

A procedural second reading vote will occur next week with just eight votes needed for adoption.

For more information, please contact Councilmember Huizar's Northeast LA field office at (323) 254-5295.
